

Curriculum Enrichment at Alumwell Junior School

“Excellence and Enjoyment for Everyone”

Promoting equality of opportunity so that all pupils can thrive together

Wider World

Our curriculum enrichment includes a rich variety of events and activities that broaden pupils’ understanding of the wider world. These include Black History Month, Women in STEM celebrations, Remembrance Day, Anti-Bullying Week, and Chinese New Year. Pupils also take part in engaging assemblies and the “All Kinds of Mind” competition, all designed to promote awareness, respect, and personal growth.

Charity

Our school supports a range of charity initiatives, including national causes like Macmillan, Children in Need, Poppy Appeal, and Christmas Jumper Day. We also engage with local charities through events such as Trade a Tin for the Black Country Food Bank and the Christmas Present Appeal. Additionally, our house teams choose charities to support, fostering a spirit of giving and community responsibility.

Athlete’s Edge

Pupils are offered exciting opportunities to develop their sporting skills through tournaments, competitions, and lunchtime and after-school clubs. Pupils also benefit from visiting workshops, swimming lessons, and residential visits that inspire teamwork, fitness, and a love of sport.

Artistic Exploration

At Alumwell we nurture creativity through singing and dance clubs, concerts, and the end-of-year show. Pupils can take part in the Alumwell Factor, access external music provision and enjoy theatre and cinema visits. Craft and art clubs, and outdoor art sessions further inspire artistic expression and confidence. Visiting workshops enhance our history curriculum.
